The Copyright Mistake That Cost Me Six Figures on Amazon KDP! - The Copyright Mistake That Cost Me Six Figures on Amazon KDP! 12 minutes, 18 seconds - In this video, I'm getting super real about the copyright mistake that cost me over \$37000 in **passive income**, on **Amazon**, KDP.

The copyright mistake that killed my bestseller

This book made over \$36K... then Amazon blocked it

Why you must own copyright—not just commercial rights

My KDP account got suspended and terminated

Where I went wrong: chasing a niche \u0026 using Canva

Canva Pro ? Copyright (here's what it really gives you)

How the book spiked to \$11K before flatlining

What Amazon asked for when suspending me

Why “I created it in Canva” wasn't enough

How Canva elements work—and why that matters

Artists get paid per use = you can't claim copyright

I hired a copyright attorney to protect my book series

Amazon won't tell you which element caused the flag

Found the design online for \$600

I recreated it myself using photography gear

Lesson learned: One design can block \$37K in sales

Using AI to create copyright-safe designs

My remake is now climbing the charts again

Hire artists or use AI—but it must be original

AI is just modern-day tracing (like 2nd grade art!)

Can you copyright AI prompts? Let's talk about it

I'm not perfect—but I won't quit self-publishing

Any platform can suspend you: Etsy, Stripe, Facebook

The world has never had more opportunity—own it

I'm working with my attorney on more trainings

Get the free copyright checklist + template below

Don't copyright too early if you're not earning yet

Learn the rules so you can protect your royalties

I was a top college soccer scorer—you can do this too

Free training invite below + final thoughts

Protect your books so you don't wreck your income

Love you! Drop questions in the comments
