Puppy Socialization

Puppy Socialization: What It Is and How to Do It defines and demystifies the most important thing you can do for your puppy: socialization. The authors don't just tell you what you need to know about socialization. They show you with dozens of photographs and exclusive linked videos (a live internet connection is needed to view the videos). You'll see other owners socialize their puppies under the guidance of a nationally certified dog trainer and behavior consultant. These real-life examples of socialization show you what to do when things go well and when they don't go so well. You'll learn about:

- The magical time. Did you know that there is a special time in a puppy's life when he is primed to accept new things? The authors tell you when that time is, when that socialization window starts closing, and how a little effort by an owner during that time can save heartache later.
- Canine body language. Puppies and dogs are talking all the time—with their body language. Learn to tell when a puppy or dog is relaxed and happy, a bit nervous about something, or outright fearful.
- Myth-busting. There's a lot of advice out there about socialization and not all of it is good. Some common myths can actually cause a puppy harm. The authors give you the most up-to-date information on puppy socialization and put some harmful myths to rest.
- Socializing a puppy during COVID-19. Puppies have so much to get used to: people, environments, noises, and more. The authors provide strategies for keeping humans and puppies safe while socializing puppies, even during the COVID-19 pandemic.
- What supplies are needed during socialization. The authors provide checklists of things owners need when socializing a puppy at home and away from home.

How to spot if your puppy is unwell

One of the main reasons puppies are given away or end up in rescue centres is owners' unrealistic expectations of their dog. Pick the puppy that's right for you and look forward to a decade or more of happiness with the perfect companion – who turned out to be all that you'd hoped for. Reviews for *How To Pick The Perfect Puppy*: “This book is not just another handbook, more an owner's manual for choosing the right furry addition to the family Breeds and cross-breeds are discussed at length, helping you choose the right temperament, size and exercise requirements for your pooch, including advice for those with allergies to choose a pup with a coat to suit. Also choosing a rescue pup or dog is covered too with sensitive insight into the extra requirements they may need for helping them settle. Feeding, positive training tips and advice on helping your new furry settle into your environment along with lovely pics make this a good read,” J. C. VICKERMAN, YORKSHIRE, UK “Extremely helpful and informative. Planning to purchase a puppy soon and will continue to use the guidance given,” HEATHER FISHER, UK “What a great resource for those considering acquiring a family pet. It contains lots of practical information and tips. I have owned dogs as pets all my life and I learned a lot from this book. I have 14 year old dog now who has had separation anxiety issues and I wish I had this book when she was young. It will, unfortunately, not be long until she is no longer with us (still healthy, but showing her age) and I will definitely rely on this book when it is time to bring a new puppy into the house. I would highly recommend this to anyone thinking about choosing a family pet,” N. CLARK, USA “I bought this book for my son who is considering buying a puppy. I made the mistake of flicking through it before I gave it to him. I just couldn't put it down, so now it looks as though it's been read from cover to cover, which it has! Linda Whitwam writes in the most down to earth, readable fashion and the book is packed full of really useful information. She outlines the pros and cons of all the most common breeds and even the crossbreeds and mixed breeds. And when you've decided upon your puppy there's loads of advice on how to look after and train it,” S. E. KAYE, UK

Baby Puppy, Mommy Dog

This is a book about my dog Rufus, a shy, skinny Labrador mix we adopted in 2005. It is dedicated to my wife Sarah, who passed away in 2007. Without her, this cute story would never have happened. The book is mostly observations of Rufus and his perspective on how things work. It gives insight into the world of dogs and perhaps there are a few lessons we can learn from them. Proceeds from the sales of this book will benefit PAWS Atlanta - a no-kill animal shelter, and CARE - Defending dignity and fighting poverty. Four legs or two, sometimes we all need some help. 40 pages in a 7x7" format. Numerous cute color photos.
